

Contents

Preface 1

1 Sets 5

- Introduction 5
- 1.1 Basic Set Concepts 6
- 1.2 Subsets 14
- 1.3 Understanding Venn Diagrams 20
- 1.4 Set Operations with Two Sets 29
- 1.5 Set Operations with Three Sets 40
- Chapter Summary 51

2 Logic 59

- Introduction 59
- 2.1 Statements and Quantifiers 60
- 2.2 Compound Statements 70
- 2.3 Constructing Truth Tables 78
- 2.4 Truth Tables for the Conditional and Biconditional 87
- 2.5 Equivalent Statements 96
- 2.6 De Morgan's Laws 102
- 2.7 Logical Arguments 108
- Chapter Summary 116

3 Real Number Systems and Number Theory 127

- Introduction 127
- 3.1 Prime and Composite Numbers 128
- 3.2 The Integers 149
- 3.3 Order of Operations 158
- 3.4 Rational Numbers 165
- 3.5 Irrational Numbers 191
- 3.6 Real Numbers 203
- 3.7 Clock Arithmetic 211
- 3.8 Exponents 218
- 3.9 Scientific Notation 227
- 3.10 Arithmetic Sequences 239
- 3.11 Geometric Sequences 246
- Chapter Summary 254

4 Number Representation and Calculation 267

- Introduction 267
- 4.1 Hindu-Arabic Positional System 268
- 4.2 Early Numeration Systems 273
- 4.3 Converting with Base Systems 288
- 4.4 Addition and Subtraction in Base Systems 300

4.5 Multiplication and Division in Base Systems	315
Chapter Summary	328

5 Algebra 333

Introduction	333
5.1 Algebraic Expressions	334
5.2 Linear Equations in One Variable with Applications	346
5.3 Linear Inequalities in One Variable with Applications	356
5.4 Ratios and Proportions	366
5.5 Graphing Linear Equations and Inequalities	376
5.6 Quadratic Equations In One Variable with Applications	403
5.7 Functions	427
5.8 Graphing Functions	446
5.9 Systems of Linear Equations in Two Variables	473
5.10 Systems of Linear Inequalities in Two Variables	490
5.11 Linear Programming	518
Chapter Summary	530

6 Money Management 543

Introduction	543
6.1 Understanding Percent	544
6.2 Discounts, Markups, and Sales Tax	552
6.3 Simple Interest	566
6.4 Compound Interest	579
6.5 Making a Personal Budget	589
6.6 Methods of Savings	601
6.7 Investments	612
6.8 The Basics of Loans	630
6.9 Understanding Student Loans	645
6.10 Credit Cards	656
6.11 Buying or Leasing a Car	675
6.12 Renting and Homeownership	687
6.13 Income Tax	697
Chapter Summary	706

7 Probability 723

Introduction	723
7.1 The Multiplication Rule for Counting	724
7.2 Permutations	728
7.3 Combinations	732
7.4 Tree Diagrams, Tables, and Outcomes	738
7.5 Basic Concepts of Probability	751
7.6 Probability with Permutations and Combinations	763
7.7 What Are the Odds?	766
7.8 The Addition Rule for Probability	771
7.9 Conditional Probability and the Multiplication Rule	777
7.10 The Binomial Distribution	790

7.11 Expected Value 797
Chapter Summary 808

8 Statistics 815

Introduction 815
8.1 Gathering and Organizing Data 816
8.2 Visualizing Data 827
8.3 Mean, Median and Mode 857
8.4 Range and Standard Deviation 873
8.5 Percentiles 879
8.6 The Normal Distribution 883
8.7 Applications of the Normal Distribution 903
8.8 Scatter Plots, Correlation, and Regression Lines 907
Chapter Summary 934

9 Metric Measurement 943

Introduction 943
9.1 The Metric System 944
9.2 Measuring Area 952
9.3 Measuring Volume 960
9.4 Measuring Weight 970
9.5 Measuring Temperature 977
Chapter Summary 987

10 Geometry 993

Introduction 993
10.1 Points, Lines, and Planes 994
10.2 Angles 1007
10.3 Triangles 1019
10.4 Polygons, Perimeter, and Circumference 1035
10.5 Tessellations 1052
10.6 Area 1068
10.7 Volume and Surface Area 1087
10.8 Right Triangle Trigonometry 1098
Chapter Summary 1117

11 Voting and Apportionment 1129

Introduction 1129
11.1 Voting Methods 1130
11.2 Fairness in Voting Methods 1162
11.3 Standard Divisors, Standard Quotas, and the Apportionment Problem 1179
11.4 Apportionment Methods 1191
11.5 Fairness in Apportionment Methods 1212
Chapter Summary 1226

12 **Graph Theory 1237**

Introduction 1237
12.1 Graph Basics 1238
12.2 Graph Structures 1249
12.3 Comparing Graphs 1265
12.4 Navigating Graphs 1283
12.5 Euler Circuits 1309
12.6 Euler Trails 1326
12.7 Hamilton Cycles 1340
12.8 Hamilton Paths 1351
12.9 Traveling Salesperson Problem 1364
12.10 Trees 1380
Chapter Summary 1402

13 **Math and... 1417**

Introduction 1417
13.1 Math and Art 1418
13.2 Math and the Environment 1425
13.3 Math and Medicine 1431
13.4 Math and Music 1438
13.5 Math and Sports 1444
Chapter Summary 1448

A **Co-Req Appendix: Integer Powers of 10 1459**

Answer Key 1463

Index 1887
